- LNG
- Natural Gas
- Propane & LPG

## Specialty Products

- Deicing Fluid
- DEF
- Feedstock & Blending
- Components
- Lubricants
- Other specialty products
- SLOPS
- Transmix
- Renewable Energy Certificates
- Carbon Offsets

## Fuel Performance Support

- Additive Treatment Programs
- Fuel Blending
- Fuel & Lubes Quality Control
- Lubrication Performance Services

# Sustainable Energy Solutions

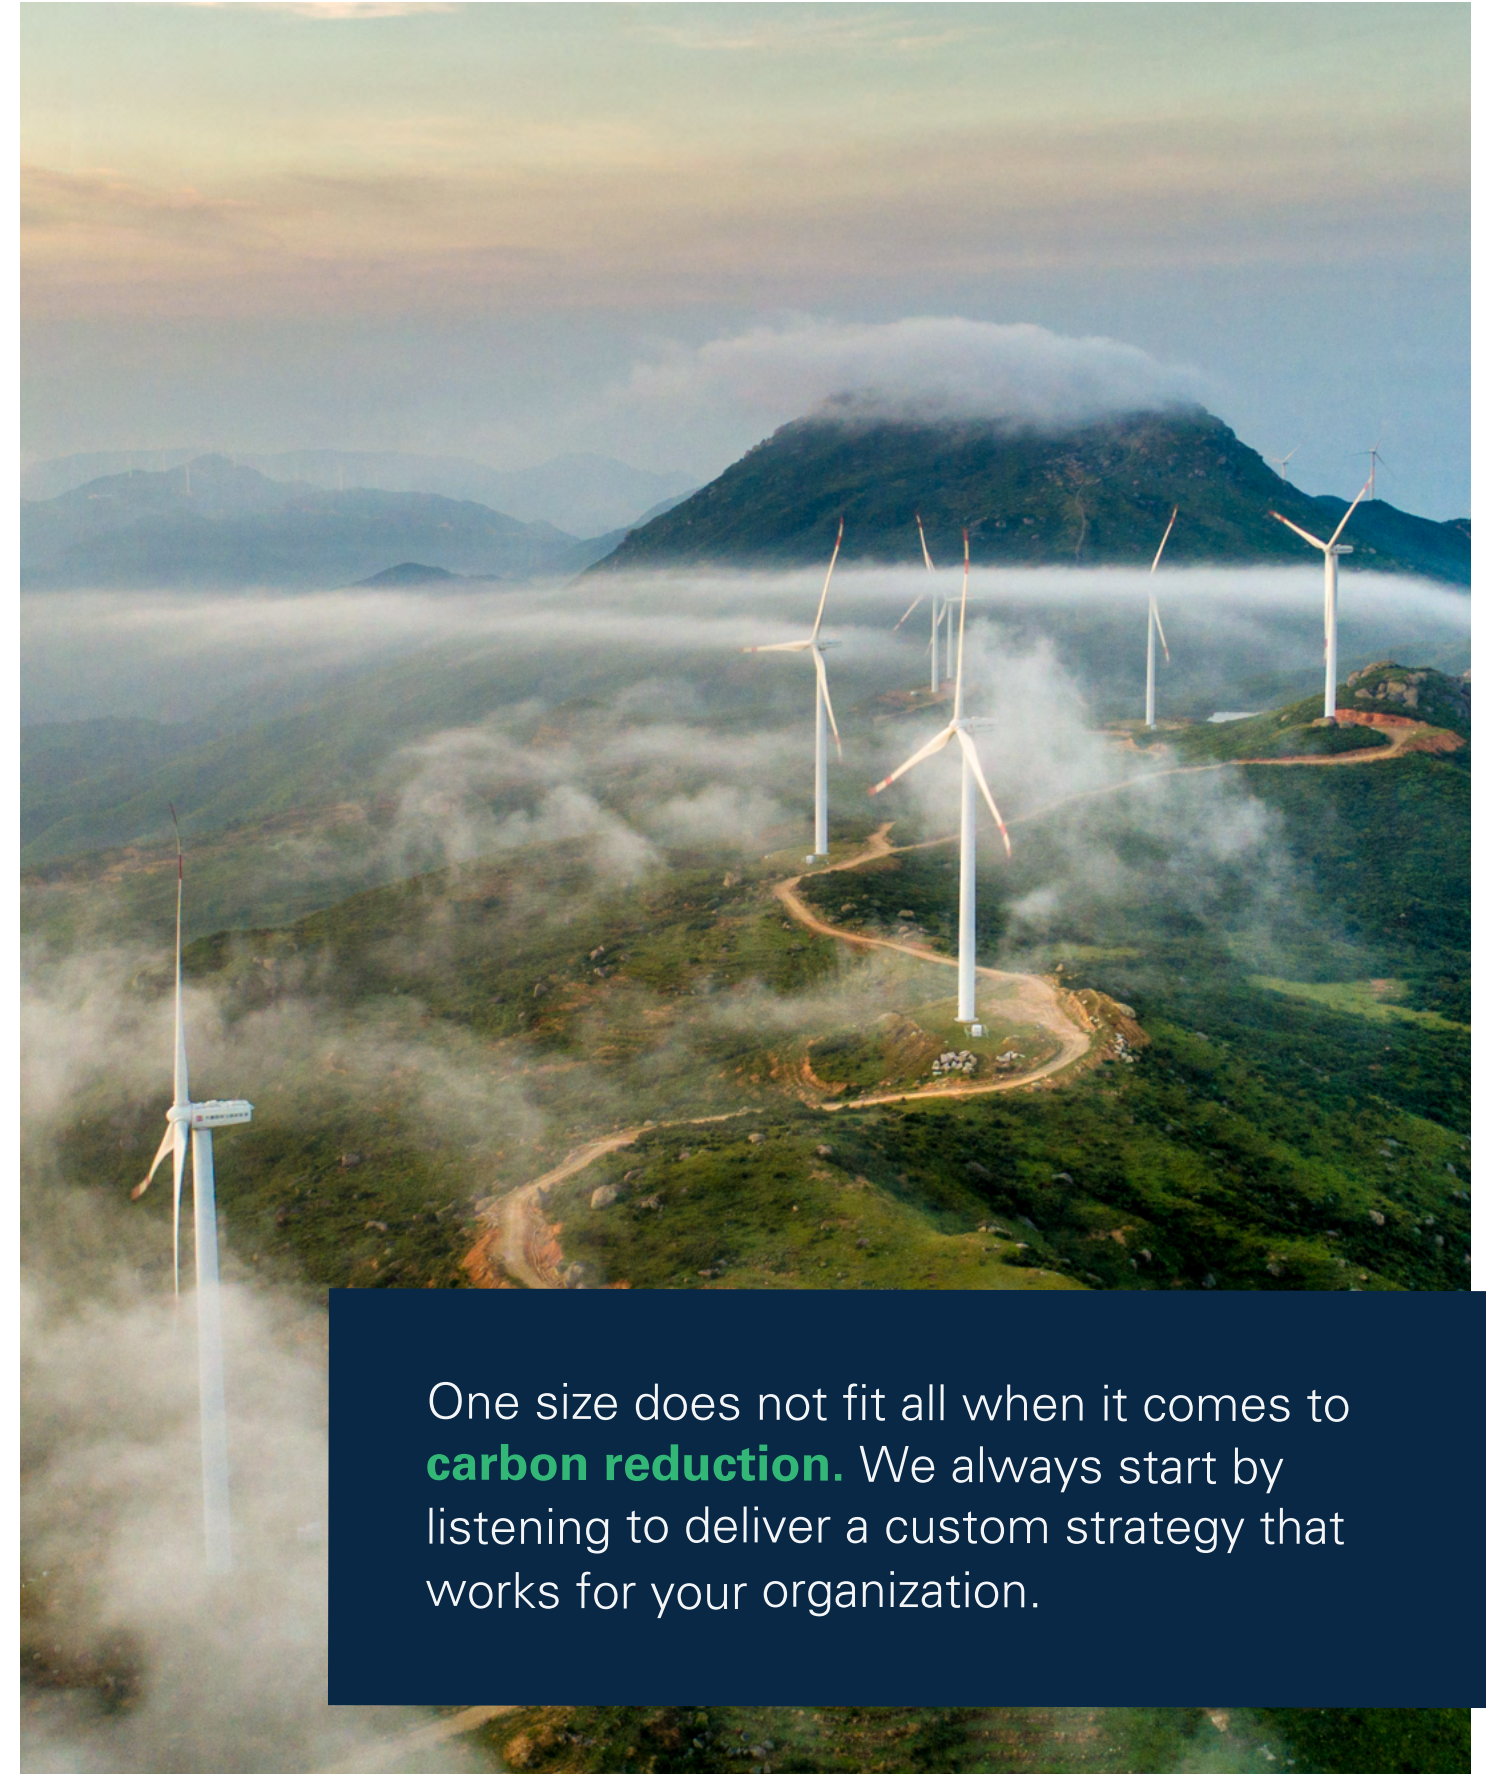

Meet your sustainability goals with  
a holistic approach.

DEVELOP A CARBON REDUCTION PLAN

REDUCE ENERGY USE

SOURCE RENEWABLE ENERGY

OFFSET CARBON EMISSIONS

One size does not fit all when it comes to **carbon reduction**. We always start by listening to deliver a custom strategy that works for your organization.

# Diverse Energy Solutions

## One powerful partner.

World Kinect Energy Services combines traditional liquid fuels and lubricants expertise with all the latest natural gas, electricity, and sustainability solutions. It's a comprehensive approach designed to make energy easier - so you can spend more time focusing on what you do best.

Sustainability

Physical Energy Supply

Data Management

Energy Procurement

Price Risk Management

As an integrated solutions provider within World Kinect, **we manage energy** for our clients, simplifying their energy and risk management, sustainability, procurement and supply.

# Reliable Partnership to Manage Risk

One of the major factors threatening the growth and success of any business is the **uncertain, often volatile, cost of energy.**

## We're ready to help.

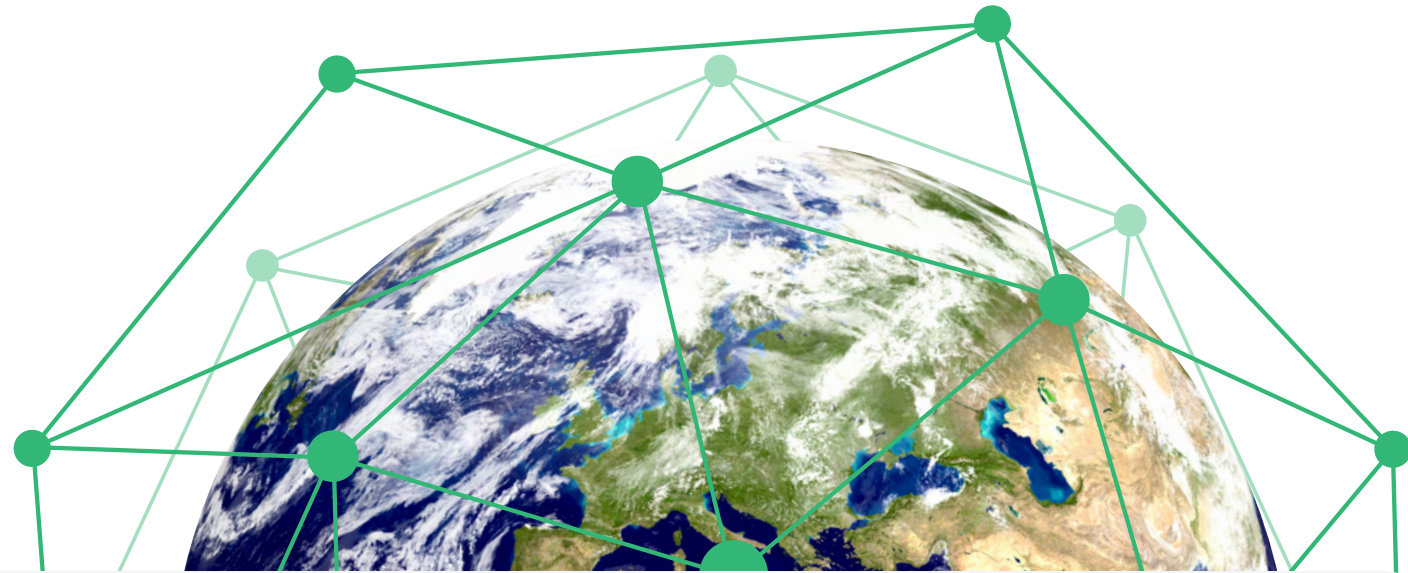

With more than **30 years of experience** in fuel procurement and logistics, we understand how volatile fuel, natural gas, and energy markets can impact your business.

With integrity, responsibility, and a solid financial foundation, **we deliver Price Risk Management solutions** that help thousands of customers and suppliers across the globe succeed, simply and effectively.

# Global Network

Delivering energy in more than 200 countries and territories around the world.

Ensure product supply with our global network of proprietary transport assets, strategically-located supply inventories, and long-term partnerships with third party suppliers.

# Innovative technology, with a side of humanity

## Technology isn't a buzzword for us.

We've embraced it to transform our business, making interactions faster, easier and more intuitive - to optimize our customers' experience.

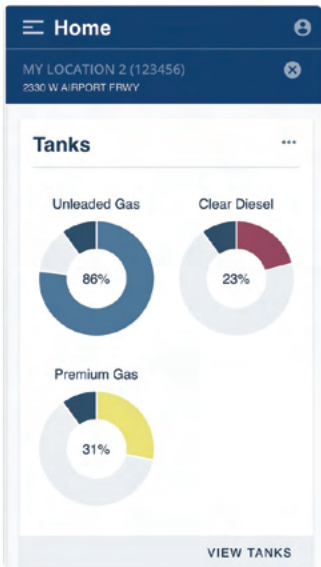

myWorld

Innovative mobile app with comprehensive flight planning information.

Fleet Automation

24 / 7 order tracking and delivery information with real-time transit updates.

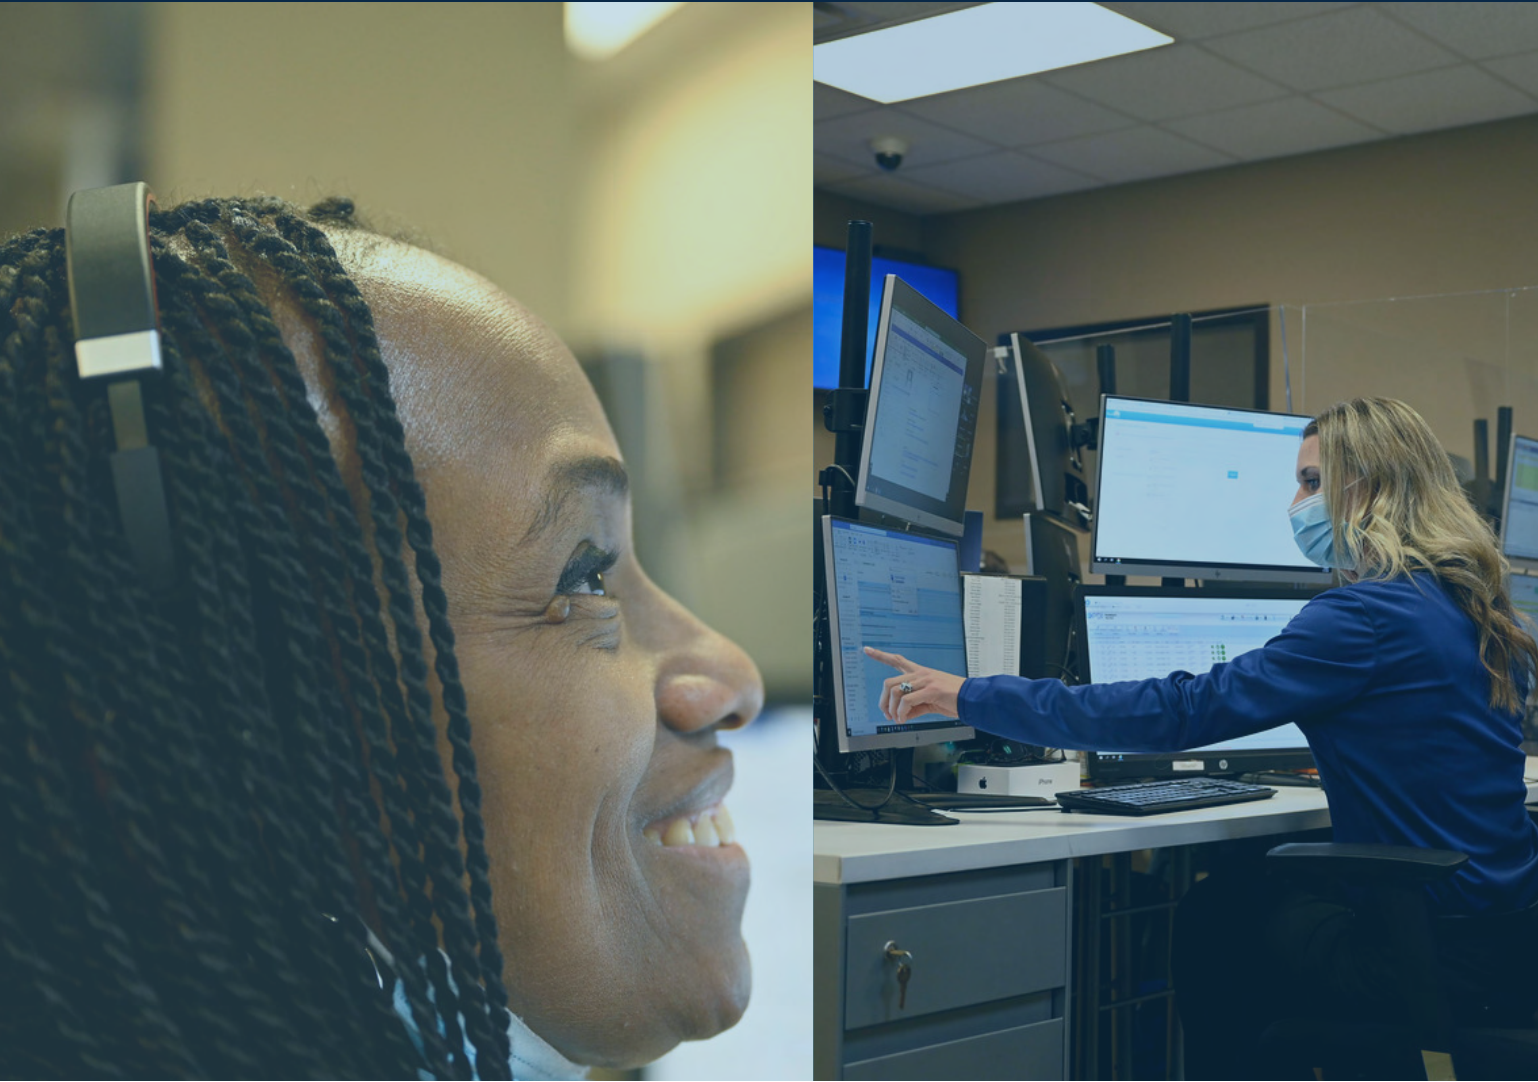

Customer Portal

Cloud-based dashboard to view and manage your orders, invoices and data.

## Our technology doesn't stand alone.

Every technology-enabled solutions is backed by our team of local professionals - so there is a person to call for support when you need it.

# Customers first, always

## Your success is our success.

Our professionals offer true local expertise and decades of experience for partnership you can count on.

"We operate a lot of equipment in multiple shifts, with a lot of customers that depend on our ability to get materials into the marketplace. A company like yours **World Kinect** that is working with us hand in hand, ensures we truly do not have hiccups in our supply."

**Jim Twitty, Plant Superintendent** - CalPortland Mining

"It is through the partnership with **World Kinect** that we have seen our name become internationally recognised and being able to offer fuel with one of the leading fuel brands on the market has helped our business grow."

**Chris Beer, Director** - XLR Executive Jet Centers

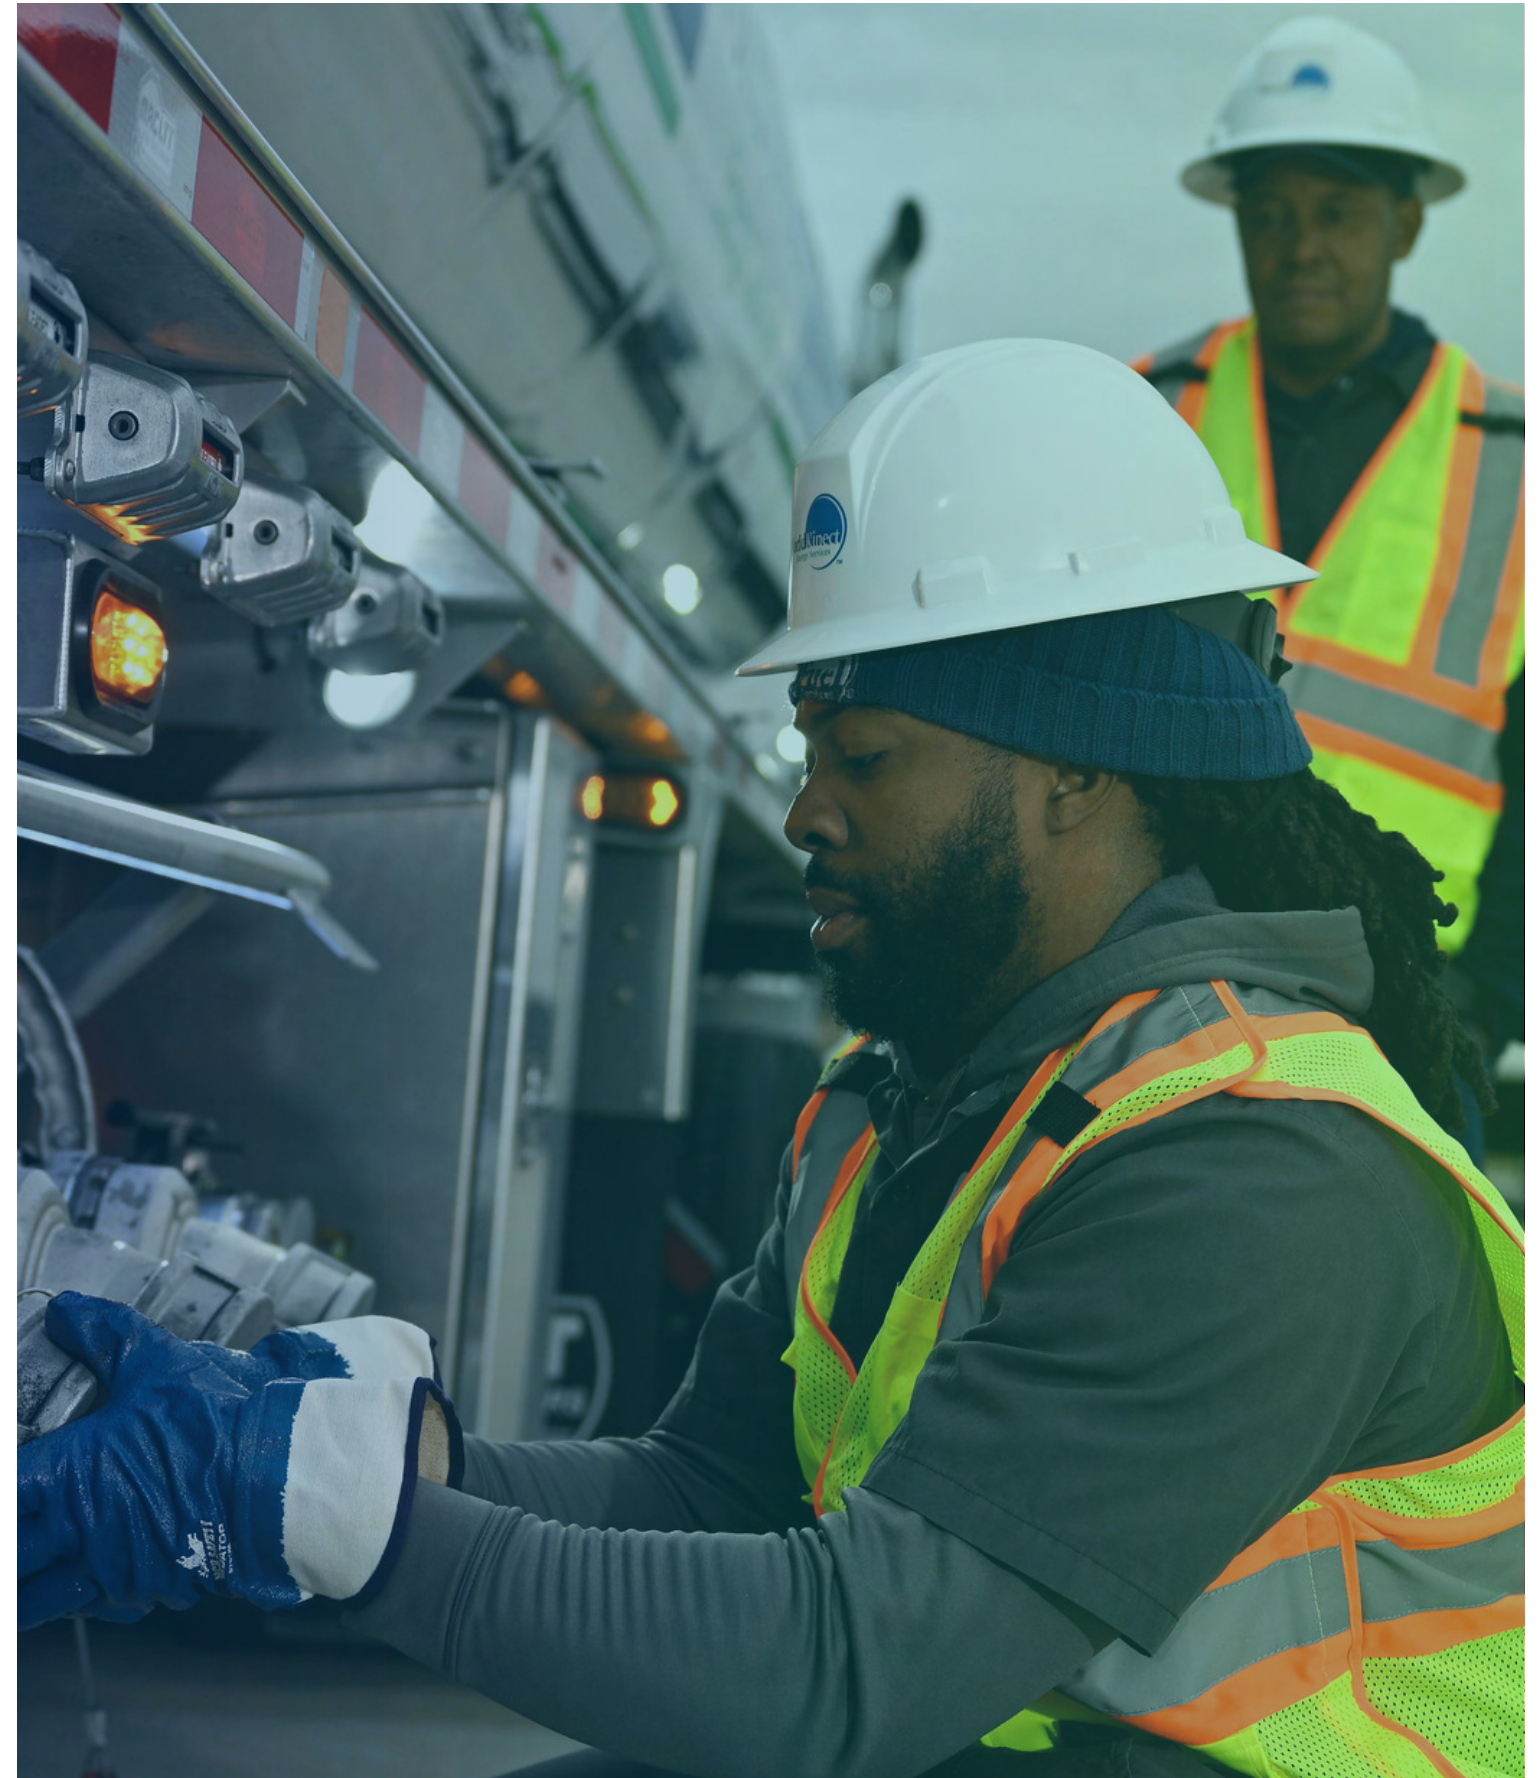

# Commitment to safety **you can trust**

**World Kinect is committed to doing  
the right thing**

**in all that we do.**

This includes:

- Protection of people
- Respect for individual rights
- Engaging with our communities
- And working to reduce our overall impact on the natural environment

# All working together

# One clear purpose

**At World Kinect , we strongly believe that companies like ours can have a profound impact.**

*"We have committed our resources to take part in creating the low carbon world of tomorrow and are well on our way. I am optimistic, energized and delighted about our role in building a safer, healthier, and more sustainable future."*

**Michael J. Kasbar - Chairman & CEO**

An aerial photograph of a two-lane asphalt road that curves through a dense, green forest. The road has white dashed lines for lane markings and a solid white line on the outer edge. Several cars are visible: a red car in the upper right, a white car in the middle left, a blue car in the lower left, and a white car in the bottom right. The forest is thick with various shades of green trees.
