## Global strength. Personal touch.

### **Contract fuel at more than 3,000 locations worldwide**

We partner directly with oil companies, FBOs, and major suppliers. This vast supply network has been carefully crafted and provides World Fuel Contract cardholders exclusive access to preferential fuel prices at all of our locations.

### **World Fuel Contract Card**

Uplifting with us is as easy as presenting the World Fuel Contract card or signing your name. Our international strength provides added conveniences, such as the option to use the World Fuel Contract card to pay for handling fees at locations throughout Europe. Cardholders also have access to a tax recovery program that assists with tax exemptions, refunds, and reductions.

### **Personalized, reliable service**

Enjoy the personalized service of a dedicated account manager. This single point of contact personally arranges uplifts and other requested services. They are backed by our 24/7 Global Fuel Logistics team to ensure everything you need is ready before the aircraft arrives.

### **Analytics and customizable reports**

Consolidated invoices provide transaction detail for all of your purchases with World Fuel Services Contract Fuel, AVCARD, and Trip Support. Our analytics will show usage patterns, savings, and at your request, we will build reports that provide any other information in the time frame and format of your preference.

### **FuelFinder: Get real-time quotes fast and easily arrange fuel**

Our online tool makes getting accurate, real-time fuel quotes and setup effortless. Available via web, iPad, and mobile, you save time and money while on the go. Set up fuel at more than 3,000 locations worldwide with the option to view or download confirmations. For added transparency, our domestic fuel quotes include all taxes and fees.
