-more-

“It is our great privilege to have the opportunity to serve these FBOs with our solutions, earn their trust, and further establish the World Fuel Services Network in more areas of Canada,” said Steve Drzymalla, World Fuel Services’ Senior Vice President of General Aviation. “Our experienced team has already begun tailoring our solutions to meet each location’s specific needs. Our ultimate goal is to provide the best service, support, fuel, and branded programs available.”

With their membership in the World Fuel Services Network, these locations have access to comprehensive business and general aviation FBO solutions designed to foster their business’ success and help them to better serve customers with world class offerings. From training to equipment and marketing support, World Fuel Services’ team of dedicated industry professionals provide customized solutions to their network members. World Fuel Services Network FBOs cater to flight operators by offering World Fuel Services Contract Fuel with an extra incentive for operators to use Contract Fuel or their AVCARD® through FlyBuys™ Rewards earned with every purchase.

### **About World Fuel Services Network**

The World Fuel Services Network is a network of branded FBOs that provide quality fuel, personal service and experienced support. The global network includes FBOs under the World Fuel Services, Ascent and Phillips 66® Aviation fuel brands, along with the Air Elite Diamond Service designation.

### **About World Fuel Services Corporation**

Headquartered in Miami, Florida, World Fuel Services is a global fuel logistics, transaction and payment processing company, principally engaged in the distribution of fuel and related products and services in the aviation, marine and land transportation industries. World Fuel Services sells fuel and delivers services to its clients at more than 8,000 locations in more than 200 countries and territories worldwide.

The company's global team of market makers provides deep domain expertise in all aspects of aviation, marine and land fuel management. Aviation customers include commercial airlines, cargo carriers, private aircraft and fixed base operators (FBOs), as well as the United States and foreign governments. World Fuel Services' marine customers include international container and tanker fleets, cruise lines and time-charter operators, as well as the United States and foreign governments. Land customers include petroleum distributors, retail petroleum operators, and industrial, commercial, and government accounts. The company also offers transaction management services which consist of card payment solutions and merchant processing services to customers in the aviation, marine and land transportation industries.
